LI HAS LEFT PEKING.

Believed That He Will Not Return To the Capital.

HE WAS TOO FRIENDLY TO RUSSIA.

Chinese Emperor Displeased With Li Hung Chang's Conduct of Negotiations—His Recall is a Move to Check Russia.

Washington, April 3.—Although no official report has reached here of the reported departure of Li Hung Chang from Peking for Shanghai, officials are inclined to believe it true, and that Li Hung Chang is really leaving Peking for good, and because the emperor is displeased with his conduct of the negotiations. It is taken here that when Li Hung Chang was made one of the peace envoys he was pro-Russian in sentiment, but there was no cause for complaint on that score until the Manchurian agreement came up for consideration. It is believed by officials here that Li has proved so earnest an advocate of the Russian cause, and has so strenuously worked for the signature of the agreement that his own government has felt obliged to deprive him of power to further that agreement. If this understanding is correct it is believed that an effectual check has been administered to Russia in her designs upon Manchuria, for it is thought the emperor of China would scarcely have acted in this summary fashion had he not received assurances of support from some of the other powers.

Mr. Rockhill has not yet acquainted the government with the exact language of the agreement reported to have been reached at Peking as to the Chinese forts. The original proposition, strongly backed by most of the European powers, was to completely destroy the Chinese forts in the Gulf of Pe Chi Li and on the road from Taku to Peking. The state department felt it would be inexpedient to proceed so far and leave China naked to the attack of the meanest foe. Therefore the powers were urged to be content with dismantlement of the forts, leaving them in condition to be again mounted with guns in a reasonable time. It is believed this project has been accepted, for it appears from dispatches that the only fort ordered to be "destroyed" is on a point in the Pei river, which is to be removed simply because it forms an obstacle to navigation on that river.

Japan Will Stand by China.

New York, April 3.—A dispatch from Peking says that despite statements to the effect that China has not rejected the Manchurian convention, it is thought she will probably do so. Japan has given China written assurances that she will share the consequences of China's refusal to sign the Russian treaty if those consequences include war. Peace negotiations are at a standstill at the present time.

Salisbury May Resign.

London, April 3.—Parliament has risen for the Easter recess after a session more satisfactory to the opposition than to the government. The record of business is meager, but that is a small matter in comparison with the lack of energy and judgment with which the house of commons has been led. The continuance of Lord Salisbury in power for many weeks is doubted by some of the most experienced parliamentary hands. There are rumors that he sought to offer his resignation before his departure for Beaulieu, and that A. J. Balfour would be found in the upper house when parliament reassembles. Another version is that nothing will be done for a fortnight, and Lord Salisbury may consent to remain in office until the close of the session, if his health improves on the Riviera.

Called on the President.

Washington, April 3.—Ex-Senators Thurston, McBride and Lindsay, ex-Congressmen Allen (Miss.) and John F. Miller (Ind.), five members of the recently appointed St. Louis exposition commission, called on the president. Mr. Allen remarked humorously after the interview that the commission had simply called to thank the president on behalf of the country for the wise selections he had made. Under the law the commission must organize at St. Louis under the direction of the secretary of state within 30 days after its appointment. After leaving the White House the members of the commission saw Mr. Hay.

New York, April 3.—Harry Budworth, 50, old time minstrel and vaudeville performer, died of hemorrhage of the lungs at the home of a friend in this city. Mr. Budworth at one time was one of the most popular of Haverly's minstrels. Recently he appeared in vaudeville houses with his wife, Nellie Budworth.

HOSPITAL CLOSED.

Bishop Ordered Nuns In Charge to Leave the Diocese.

Iron Mountain, Mich., April 3.—Mercy hospital, better known here as Emergency hospital, has closed its doors by order of Bishop Els, and the nuns ordered to leave the diocese.

This is the result of an ecclesiastical scandal which occurred last January, when Ellen Hogan, a novitiate in the hospital, was arrested on an insanity charge preferred by the mother superior. Miss Hogan was adjudged sane by the probate court. The mother superior also charged her with theft. After being released from custody by order of Judge Bergeron, Miss Hogan made severe charges against the mother superior, one of which was drunkenness.

An investigation by Bishop Els resulted in closing the institution.

Preparing to Consolidate.

Cincinnati, April 3.—Board of appraisers appointed to fix values of the gas and electric light plants in Cincinnati as a basis for consolidation, estimates the value of property of the Cincinnati Gas company at \$19,250,000; Cincinnati Edison company (electric), \$7,750,000; smaller electric lighting companies, \$1,000,000, making a total of \$28,000,000. If these valuations are satisfactory to the various boards of directors the matter of consolidation into one company will be taken into consideration.

Change in Reading Roster.

Philadelphia, April 3.—The board of directors of the Reading company accepted the resignation of President Joseph S. Harris and elected George F. Baer to succeed him. President Harris will remain with the company in a new executive position. Mr. Baer was also elected president of the Philadelphia and Reading Railway company and of the Reading Coal and Iron company. Mr. Harris was chosen a member of the executive committee of the Reading company, and elected a member of the board of directors.

Painters Win Out.

Cincinnati, April 3.—The striking journeymen painters are reporting remarkable success in the fight against the contractors who refuse to sign the new scale of \$2.80 per day. They have succeeded in getting 22 firms, employing many men, to come to an agreement, so that over 200 painters are again at work. Over 400 men are still out, but a settlement is expected at an early date.

Demand Recognition.

Cleveland, April 3.—The striking marine engineers who came here from Detroit and other points to confer with the Minnesota Steamship company have returned to their homes, the men having refused to treat with the company unless their union be recognized. The Minnesota Steamship company is now a part of the steel corporation, which controls 102 ships in the Great Lakes.

Ohio Incorporations.

Columbus, O., April 3.—Atlas Commerce company, Mentor, \$50,000; Spirit Fruit society, Lisbon; Cincinnati Chemical company, Elwood Place, \$27,000; Maxwell-Rolf Stone company, Cleveland, increase from \$50,000 to \$100,000; Bridgetown Mutual Aid association, Bridgetown; Real Estate Trust company, Cleveland, \$50,000.

Want an Extra Hour.

Sharon Pa., April 3.—At meetings of the local carpenters' and painters' union a general strike was ordered, and 500 men came out, causing a suspension on work on scores of houses and buildings throughout the city. The strikers demand one hour off each Saturday at the same pay they are now receiving for the work.

Strike of Shirtmakers.

St. Joseph, Mo., April 3.—The 400 girl and women employees of the Wood shirt factory are still on strike and attempts to fill their places are futile. Strikers surrounded the factory, which is guarded by policemen. There has been no disturbance.

Gage Buys More Bonds.

Washington, April 3.—Secretary Gage has purchased in New York \$672,000 additional short term bonds at substantially the same rate as paid for the \$2,000,000 bonds purchased Tuesday in that city.

Rio Janeiro, April 3.—The medical commission appointed to examine Admiral Mello has informed the government that he is too ill to go to Amazonas. Admiral Mello has sent another letter to the minister of the navy and has asked for the reason of his arrest. He was arrested on suspicion of having been concerned in the monarchist conspiracy here recently.

Banister Broke.

Hamilton, O., April 3.—A party of 30 little folks at the home of Mrs. John Briarton was saddened by a distressing accident. A banister broke and six children were injured, Charley Degg, 11, perhaps fatally.

GOOD ROADS SPECIAL.

Proper Time of Year to Agitate For Improvement of Highways.

PLAN OF EXPERIMENTAL EXPEDITION

Party of Roadbuilders With Latest Machinery to Visit Cities Between Chicago and New Orleans and Demonstrate New Methods.

Chicago, April 3.—Arrangements for running the "good roads special" from Chicago to New Orleans on the Illinois Central line have been about completed. The train will leave this city some time between April 12 and April 16. It will consist of seven or eight carry the machinery for road building purposes.

Weather permitting, the first practical demonstration in the building of good roads will be at Flossmore, 23 miles south of this city. About 3,000 feet of roadway will be constructed at that place. It is likely another half mile of road will be built at another Illinois point, probably Cairo. Memphis will be the next stop, and then the train will be run to New Orleans, where the National Good Roads association's convention will be held April 29 and 30. Returning from New Orleans stretches will be built at Natchez, Vicksburg, Greenville, Oxford, Winona and Jackson, Miss., and Jackson, Tenn. W. H. Moore, president of the National Good Roads association, will be in charge of the work.

American Stableboys Employed.

London, April 3.—As a result of the stablemen's strike at Newmarket, England, the trainers announce that 250 American stableboys will leave New York on the White Star and Atlantic transport line steamers. The boys will be drawn mostly from the racing establishments of the Westchester Racing association, the Coney Island Jockey club, the Brooklyn Jockey club and the Brighton Beach Racing association. They must not weigh over 112 pounds. Their wages will be from \$6 to \$7 per week with board and lodging. The Newmarket trainers at their last meeting refused to receive a deputation of the strikers. An additional force of police has been drafted to Newmarket.

New York, April 3.—Inquiries made at the offices of the White Star and Atlantic Transport companies show that nothing is known here of the reported sailing of 250 American stableboys for England.

More Startling Testimony.

New York, April 3.—Charles F. Jones, the valet-secretary of William M. Rice, resumed the giving of testimony in the proceedings against Albert T. Patrick, who is charged with causing Rice's death in order to obtain his property by means of a will, deeds and checks, which, it is alleged, were forged. Jones testified that Patrick asked when Rice had last been given mercury. "I told him on Thursday," said Jones. "Patrick then told me that there would not be any traces of that left in the system at the time of the autopsy, and that the embalming fluid would kill all traces of oxalic acid, which was a vegetable poison." Jones also testified that at the time he attempted suicide at the Tombs Patrick agreed to kill himself.

Evans' Successor.

Topeka, April 3.—It is believed among Republicans here that Colonel R. W. Blue, ex-congressman at large, will be appointed commissioner of pensions in place of H. Clay Evans. Congressman Curtis, who has returned from Washington, said that the choice was between Colonel Blue and State Senator Carpenter. President McKinley has agreed to appoint the commissioner from names submitted by the Kansas delegation, and the names of Blue and Carpenter are the only ones being considered. Mr. Curtis says H. Clay Evans will probably be made minister to Japan.

Macedonian Congress.

Sofia, Bulgaria, April 3.—The Macedonian congress has been convoked for April 15. Several agents of the Macedonian committee have been imprisoned by order of the minister of the interior, General Petroff, in connection with agitation on the frontier. A number of Bulgarian officers have resigned rather than obey the order of the ministry of war forbidding military men to retain membership in the Macedonian societies.

Moulton's Mental Condition

New York, April 3.—Robert Hayden Moulton, the southerner who shot two theatrical manager and impresario shoot May Buckley the actress in a rather skilful two weeks ago, is in a pitiable mental state in Bellevue hospital. He does not realize where he is and apparently does not recognize any one except his mother.

APRIL ELECTIONS.

Municipal Contests in Various States. Result in St. Louis.

St. Louis, April 3.—Complete returns show the election of Rolla Wells, the Democratic candidate for mayor, by 5,166 plurality. The remainder of the Democratic ticket was elected by about the same pluralities, and the Democrats will control the house of delegates. The vote for mayor on the four principal tickets was as follows: Rolla Wells, D., 43,012; George Parker, R., 34,846; Chauncey Ives Filley, good government, 2,121; Lee Meriwether, public ownership, 30,568.

The house of delegates will be made up as follows: Thirteen Democrats, 10 Republicans and 3 public ownership members. The total vote was 110,420, about 10,000 below the vote at the national election in 1900. There were six tickets in the field, and the independent movement drew votes from both the Democratic and Republican parties. Compared with the vote cast for presidential candidates in 1900 the vote shows a loss of fully 45 per cent for the Republicans and 29 per cent for the Democrats.

Chicago's City Council.

Chicago, April 3.—The new Chicago city council, which will probably be called upon to decide the question of the extension of the street railway franchises and other public grants worth many millions will be Republican by a majority of 10 votes. Council will be made up 39 Republicans, 29 Democrats, 2 independent Republicans and 2 independent Democrats. This makes a total of 72, or two more than are provided for by law, the tangle being caused by the recent ward redistricting and consequent shifting of two holdover aldermen in the Second and Twenty-first wards. The new council and the courts will be called upon to decide the problem. According to leaders of both parties, the council probably will be organized on nonpartisan lines. This will be in accordance with the policy of Mayor Harrison and of the Municipal Voters' league, a nonpartisan organization which has been prominent in recent campaigns in this city.

Colorado Elections.

Denver, April 3.—Nearly complete returns show R. R. Wright, R., was elected mayor by about 1,700 plurality over E. T. Wells, D. The remainder of the Republican ticket had pluralities of 5,000. Mayor Johnson, D., who ran for re-election as an independent candidate, polled 4,500 votes. The board of supervisors is solidly Republican, and the board of aldermen consists of 9 Republicans and 7 Democrats. The Democrats won in Pueblo, Cripple Creek and Victor. In Leadville, J. T. McDonald, R., was elected mayor, while the Democrats carried the city council. The entire Republican ticket was elected in Colorado Springs.

Eva'sville's Flop.

Evansville, Ind., April 3.—The city elections resulted in a Republican victory. Charles G. Covert was elected mayor. The city council will stand eight Republicans and three Democrats. The result is a complete reversal of the city government, politically. By recent amendment of the city's charter these officers will have four years to serve.

Wide Open Town.

Springfield, Ill., April 3.—After one of the hardest political fights ever known here, Alderman John L. Phillips (Rep.) defeated William O. Converse (Dem.), for mayor, by over 500. Converse was supported by good government element in both parties. Phillips is for a wide-open town.

Hyde Beaten by Boschert.

Lacrosse, Wis., April 3.—Joseph Boschert, D., defeated Samuel V. Hyde for mayor by 67 votes. Four members of the city ticket were elected by the Republicans, while the Democrats secured three offices. The council is also Democratic.

Texas Elections.

Houston, Tex., April 3.—Municipal elections were held throughout Texas. J. A. Wilkins was elected mayor of Brenham for the seventh consecutive term of two years without opposition. R. E. White (Dem.) was elected mayor of Austin, where the hottest fight in the state was made.

In Arkansas.

Little Rock, April 3.—Municipal elections were held throughout the state, and in nearly every case where party lines were drawn the Democratic nominees were elected. In Little Rock Mayor W. R. Duley (Dem.) was re-elected by a large majority over E. W. Perrin (Ind.).

Mayor's Seventh Term.

St. Louis, April 3.—Returns show that M. M. Stephens, D., who ran for mayor on the citizens' ticket in East St. Louis, has been elected by a majority of 1,500. This is the seventh time Mr. Stephens has been elected mayor of East St. Louis.

OFFER OF AGUINALDO.

Surrender of All Filipinos Engaged In War Is Proposed.

CABINET CONSIDERS THE OVERTURE.

President Will Not Bargain With Leader of the Filipino Armies. Future of the Prisoner Depends Largely on His Conduct.

Washington, April 3.—Important proposals relative to the surrender of all the Filipinos engaged in the war in the Philippines have been made by Aguinaldo to the United States through General MacArthur.

The proposals were brought before the cabinet and instructions in reply were sent by Secretary Root. The president will not bargain with Aguinaldo, but if the noted prisoner will use his influence the United States will welcome his aid and will consider his conduct when determining his future.

The following cablegram was received at the war department from General MacArthur: "Brigadier General Robert P. Hughes reports surrender at Banga, northwest Panay, March 31, of 30 officers, 185 men, 103 rifles. General Kobbe reports 21 men and 21 guns surrendered March 31 in Northern Mindanao."

General MacArthur also reports that the commissary frauds being investigated are not of sufficient gravity to cause concern, and that the press reports are inexact and misleading.

Aguinaldo's Attitude.

Manila, April 3.—Constance Probieta, daughter of the former chief of the Katipunan society, who is president of the Women's Peace league, was permitted to have a long interview with Aguinaldo. She reports having found him in a quandary, professedly desirous of peace, yet reluctant to abandon the idea of Filipino independence. Senorita Probieta says that Aguinaldo shows a distrust of the educated Filipinos, and is largely guided by the prejudices of the lower class. His wife, mother and sister visit him daily.

Unknown to Hanna.

New York, April 3.—Senator Hanna's attention was called to the report that J. Pierpont Morgan had formed a syndicate to buy the rights of the French Panama Canal company, and that in conversation with the president and Senator Hanna, Mr. Morgan advocated the abandonment of the Nicaraguan route. "Yes, I have already seen that report," he said, "and you may say for me there is not a word of truth in it. Personally I have never expressed a preference for any route, but as for this story I have never heard of such a thing. If Mr. Morgan is going into the canal business I am not in his confidence."

Schley's Successor Sailed.

New York, April 3.—D. B. Woodward, assistant commissary general of the United States to the Paris exposition, sailed on the St. Louis. He goes over to close up work of the United States commission. On the same vessel sailed Rear Admiral Bartlett J. Cronwell, who goes to relieve Rear Admiral Schley as commander of the South Atlantic squadron. He was accompanied by Lieutenant Jay H. Sypher, his flag officer. On the arrival of the St. Louis at Southampton they will sail on a Royal Mail steamship to Montevideo, where the squadron is now stationed.

Politicians Quarrel.

Chattanooga, Tenn., April 3.—A sensational shooting occurred in Kingston in the court room during a session of the court. Hon Samuel A. Brazeale and Hon. James J. Littleton, prominent attorneys, fired six shots at each other, none fatal. Both are leading Republican politicians. The quarrel arose over a speech Littleton made against Brazeale, candidate for mayor of Kingston. Both are under arrest.

Cold in Peru.

Lima, Peru, April 3.—While the government engineer, Senor Hifker, was measuring the India rubber concession in Carabaya he noticed that the soil was auriferous. He found two gold nuggets, one weighing 100 grammes and the other 90 grammes. The gold was found at the lower part of the Sangabanes river. It proved the existence of the precious metal even in the rubber forests of Carabaya.

April Snow at Pittsburg.

Pittsburg, April 3.—One of the worst snowstorms ever experienced in this region seriously crippled the telegraph, telephone and trolley service. Falling wires throughout the outlying portions of the city made it extremely dangerous for pedestrians, teamsters and street car men, but no fatalities have been reported. The money damage in the city will be very heavy.

Secretary Root's Untimely Fling at Funston.
 [Philadelphia North American.]
 Secretary Root timed his sarcastic fling, "that famous soldier, Funston, who has gone after Aguinaldo with a brass band," very inopportunist. While the Secretary of War was talking, Funston was entering the harbor of Manila with Aguinaldo his prisoner. The "brass band" announcement of his expedition into the heart of the insurgents' territory cannot be charged to his score. It would be far more reasonable to suppose that the news of Funston's plans leaked out through War Office officials, either in the Philippines or in Washington. That might be a proper matter for Secretary Root to investigate.

THE GOEBEL MONUMENT.

It Will be One of the Largest and Handsomest in Kentucky.

[Baptist.]
 "A few days after the death of Governor Goebel," said a distinguished Kentucky gentleman at the Gibson, "a meeting was held at Frankfort, in which many influential Democrats participated, in favor of the erection of a monument to perpetuate the memory of their leader. "A committee composed of ex-Governor McCreary, Chairman; ex-Congressman Hendrick, Judge Robbins, Judge Jones, ex-Mayor Rhinock, Judge Donaldson, John M. Lassing, Mayor Weaver, James Andrew Scott, Judge Redwine, Congressman Kehoe, Judge Cooper and others, to receive contributions. Chairman McCreary appointed a Chairman in the different counties and wrote hundreds of letters connected with the work. Much interest has been manifested in the result of the undertaking, and as it has not been published and I am familiar with the facts you may have them. "The contributions range from 10 cents to \$100. Citizens of Louisville contributed through Mayor Weaver \$1,250; Covington and Kenton County through Mayor Rhinock, \$552.75; Fayette County, \$350 through C. J. Regan; Madison County, \$308.80, through Tevis Cobb. Nearly all the committees in the State have reported and the latest statement from the Farmers' Bank of Frankfort, where the contributions have been deposited, shows the amount to the credit of the monument fund at present to be \$6,470. "In addition the Women's Monument Committee, of which Mrs. C. C. McChord is Chairman, has collected about \$5,000 for the fund, and it is understood that Governor Goebel's brothers will also contribute. "A meeting of the committee will be held, when Justus Goebel, now in Arizona, and Arthur Goebel can be present, this spring or earlier, to consult about the design of the monument and the proper time to commence work. The monument will be one of the largest and handsomest ever erected in Kentucky, and will be erected on the site of his grave, overlooking the city of Frankfort."

BRADLEY'S TESTIMONY.

It is Said the Ex-Governor Has Given Some Sensational Evidence in the Goebel Case.

FRANKFORT, Ky., April 2.—The grand jury which was impaneled yesterday had former Governor W. O. Bradley before it as a witness for a long time this afternoon, and it is said his testimony was sensational.

Governor Bradley has never testified in any of the prosecutions growing out of the Goebel murder, though summoned as a witness in the Powers, Youtsey and Howard trials. In all of these he was excused by the defense from testifying.

—Mrs. Julia Miller, of Louisville, is the guest of Mrs. William D. Cochran.

Holds Up a Congressman.

"At the end of the last campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by J. Jas. Wood & Son, druggists.

Celebrated Dollar Glove.

It has more friends than any glove in this city. The ways of glove making are devious. So many kinds of skins, so many qualities of each; unless one studies the subject glove buying is a lottery. We will never jeopardize it. The Fedora \$1. The Peerless \$1½. The Majestic \$1.75.

A Custom

OF THE AGES

Is that on Easter Day the beautiful shall predominate, for it is the outward manifestation of an inward beauty testifying of a universal sentiment of gladness and good will.

In none of the departments of beautifying on this day is there such marked effort as in personal adornment.

Ordinarily, the effect desired to be produced is not the gaudy nor the elaborate, but correct or rather the esthetic in personal costuming.

In order to produce this triumph effectively, one of the most necessary and even indispensable factors is the neat and dressy Shoe. Without this the otherwise most tastefully appareled man or well gown woman utterly fails of the effect sought, and disappointment, at the least, follows.

It affords us pleasure to be able to announce, at the approach of the Easter occasion, that there need be no apprehension concerning proper and elegant foot covering; it may be found in unlimited variety at prices lower than ever known for CASH at the closing assignee's sale of

FROM FAR-OFF LUZON.

John S. Stephens Describes the Costumes of the Women and Tells of the Natives Get for Their Work.

PARAQUIN ITOCAS NORTE, LUZON,
Feb. 22nd, 1901.

Dear Bulletin: I will try and give you a sketch of the place we are in now. To begin with, we sailed from Manila on the 5th of February on the transport Logan, and we sailed north and on the 7th landed the first company, Company C. We left there that night and on the 8th tried to land Companies A, B and D, but the sea was too high. On the 9th we landed them and left on the 10th and sailed farther north. On the 11th we landed Companies E, F and G, and on the 12th we landed Company H. Then we came to Laoag and stayed there for two days, but we could not land, so we sailed clear to the north end of Luzon and after two days' wait we landed Company L and took on Company F, of the Thirty-fourth U. S. Volunteers, who are coming home. On the 18th stopped at Laoag again and landed the rest of the regiment and marched to our places. All the companies relieved, two regiments of volunteers, the Thirty-third and Thirty-fourth, so we cover all the north line of Luzon. Company K, Twentieth U. S. Infantry, has three places to protect. We have thirty-five men at this place.

This is the place where two months ago the Thirty-fourth, Company F, had such a fight. The building is full of holes where the bullets went through. The boys were sleeping up stairs and one of the night police came running in and told them, so they were down stairs to receive the insurgents. The Gugas were saying what a nice time they were going to have. "Riding much granda kabayo," and eating "Amerleano chow chow." In the morning there were six good Gugas and I guess they got some "Amerleano chow chow," for the boys got seventeen Remingtons and one Carbine. Well, the tribe that is here is called Eleanor, and they are a good deal better than the Tagalogs. Every one takes his hat off to you. And they have a man whom they call the Presidente. He is the boss of them all, and he has a Vice Presidente, and they have what they call "Kavasa." They are from every "barrio" and when the drum beats in front of the Presidente's office these "Kavasa" come in and see what's wanted, and if they

want twenty-five men then these Kavasa go out and get them. They don't get one cent for working.

Neither do the "Kavasa" get any thing for their work. All they get is they get to go to church on Sunday, with the Presidente behind a brass band. They all wear white clothes and carry canes. The other natives are not allowed to carry them. The Presidente got married this week and they have been darning for three days now. When we want any one to work we tell the Presidente how many we want and we get them. We don't have anything to do; they do all our work and they don't get one cent. Three men have to come here and work all day. When we want chickens and eggs we tell the "Kavasa" and he sends out and we get them, but you will laugh when you see how we get them. One man will bring in two eggs and one chicken and they are coming all day. It is so telling how far they come, for there are no chickens here in town. Some bring wood and some grass, and every man you meet has a hole strapped around his waist. They are all any-ways when you have your rifle on your shoulder, but if you meet one of them out, your head would adorn some General's wigwag. We carry our rifles wherever we go.

When the people make twenty-five cents a week they don't want any more until the next. The police only get \$1.50 a month, and that is only 75 cts. in our money. Why we get thirty young chickens for \$1 mex.,—50 cts. in gold, and sixteen eggs for one peseta—10 cts. gold. It is all mex money. They don't "Saha Amerleano Deniro." When they get one dollar in gold they go around as if they had a million.

Well, I will tell something about the women and how they dress. They wear a shirt waist, plain; it strikes them just half way between the hips and shoulders and the skirt is about one yard square and that is put on from behind and both ends come in front, then they reach and bring up the rear in front; then they have some sort of a cloth on about their lower body and that is the costume we see. Down where we landed Company L, they saw their first white women. There are no white women here, I guess when we come back to the States we will stare at the women as the natives do here.

Well I will close by saying something to my old bachelor friends. Wives are only \$5 mex., when they want to change from old Mayville's climate just come over here and I will introduce them.

Regards to all. I am the same old Mayville boy.

JOHN S. STEPHENS,
Company K, Twentieth Infantry.

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female troubles are sown. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual periods for a long time; was nervous, had no appetite, and lost interest in everything; in fact was miserable. I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.

Race Development.

The Department of Ethnology at the Pan-American Exposition will include a vast museum of archeological treasures by which the development of the races, particularly in America, may be traced. The Americans have proved to be rich fields which the students have neglected. Rude implements and vessels made by the mound builders, the Aztecs or the Incas many centuries ago and brought to light only in recent years will serve to introduce the first Americans to those of the present day. A rare opportunity will be given to study the progress of man in labor and invention by means of these priceless exhibits.

Want to Evade Income Tax.

London, April 3.—An important question was raised in the King's Bench court by a photographic company, which objects to tax commissioners levying an income tax of £10,000 on an American company in which a British company holds most of the shares. The court granted a mandamus calling on the commissioners to show cause why they should not be prohibited from assessing the tax.

Smallpox Among Soldiers.

San Francisco, April 3.—Owing to the discovery of a case of smallpox among the men of the Eleventh infantry the regiment will not sail for Manila on the transport Kilpatrick April 5, as had been planned. Two companies of the regiment are to be detained at Angel Island until danger of the spread of the disease is passed.

Young Called to Washington.

San Francisco, April 3.—Major General S. B. M. Young, who is to succeed General Shafter as commandant of the military department of California, left for Washington accompanied by Lieutenant Smedburg for a consultation with Secretary Root regarding conditions in the Philippines, and also as to his duties here.

Silk From China.

Victoria, B. C., April 3.—The steamer Empress of Japan, which just arrived from the Orient, had the most valuable consignment of silk ever brought in one steamer from a Chinese port. She had 1,060 cases, valued at 1,000,000 taels at Shanghai.

KITCHENER'S PLAN.

Campaign Begun to Conquer and Pacify Northern Transvaal.
London, April 3.—The news from Lord Kitchener that General Plumer has occupied Nyistrom is taken to mean that the British army in South Africa has at last resumed the northern advance toward Pietersburg. Nyistrom is situated a little way off the railway, about 90 miles north of Pretoria. It was held a few days by General Baden Powell in August, last year, but had to be evacuated because the force then at the disposal of Lord Roberts was insufficient to provide a permanent garrison and secure the railway line northward from Pretoria. There can be little doubt that Lord Kitchener's latest report indicates the execution of a comprehensive plan for the conquest and pacification of the northern Transvaal.

With the occupation of Pietersburg main trunk lines of railway would be lost to the Boers, but there is a heavy task in the protection of another line of communication 240 miles long that would be added to the burdens of the British army.

Alleged Irregularities.

Stebenville, O., April 3.—Irregularities in the manner of conducting the election in precinct No. 1 at Mingo Junction may result in throwing out the precinct, which was largely Democratic, and this would elect C. W. Deal (Rep.) over Dr. O. W. O'Connell (Dem.), who was elected. The election board left the booth to attend a fire and voters went out in a hallway and a candidate marked them.

Death Answered Call for Pilot.

Louisville, April 3.—With the exclamation, "Oh, Pilot!" on his lips, William G. Chaddick, formerly one of the best known steamboatmen in the south, dropped dead here. During the civil war he was pilot on various noted gunboats on the Cumberland, Tennessee and Mississippi rivers.

Miners Blown to Atoms.

Phoenix, A. T., April 3.—At Senator Clark's United Verde mine at Jerome, while nearly a dozen men were at work where a shot was placed on the lower level, there was a premature explosion. James Rooney and Joseph Ziefel were blown to fragments and several others were injured.
